TXW-2025

20" x 25" Tortilla Warmer

The TXW-2025 display tortilla warmer in combination with a DoughXpress Tortilla Press is the perfect set up for production fresh hot tortillas. It is a heavy duty stainless steel construction. The aluminum grilling surface and heating provide efficient, even heating across the surface. The TXW-2025 is an easy, affordable way to improve your production time, as well as your finished product.

Display Tortilla Warmer:

- **perfect in combination with DoughXpress Tortilla Press for display cooking**
- quick heating elements for efficient even surface heating
- durable 1" thick heat casting
- safety heat guard
- release agent applied at factory for non-stick warmer surface

Production:

- 20 seconds per side
- produce up to 12 tortillas per 40 seconds or 1000/hr

Grilling Tips:

Recommended Time:

- fresh pressed tortillas 20 seconds per side
- pre-packaged tortillas...15 seconds per side

Recommended Temperature:

- Set temperature control dial to #10 (approximately 450° F)

Finished Product:

- fresh hot tortillas
- appetizing sight and smell
- homeade taste and texture vs. pre-packaged product

Use:

- TXW-2025 is easy to use... simply place freshly pressed or pre-packaged tortillas on surface turn once and remove using spatula or oven mits. **NOTE: Warmer not to be used for grease producing food items.**

Labor:

- presses require no skilled labor
- presses are safe and have no age requirements
