

BISTRO-2

DUAL POWDER DISPENSER PROVIDE MORE OPTIONS

Introducing the new Bistro series powdered dispensers from Newco. The Bistro-2 allows you to deliver specialty drinks such as cappuccinos, lattes and hot chocolate to your clients while adding more profit to your bottom line. Built in a sleek, compact cabinet, the Bistro series delivers perfectly whipped products at the touch of a button. Drive more profit from your locations by adding specialty beverages that your customers want to offer to their employees.

Equipped with two 2lb hoppers, the Bistro-2 was designed as a companion unit to NEWCO's Fresh Cup POD brewer. Deliver frothy hot milk and chocolate at the push of a button to create delicious cappuccino's, lattes and mocha chinos to both Coffee and tea PODS.

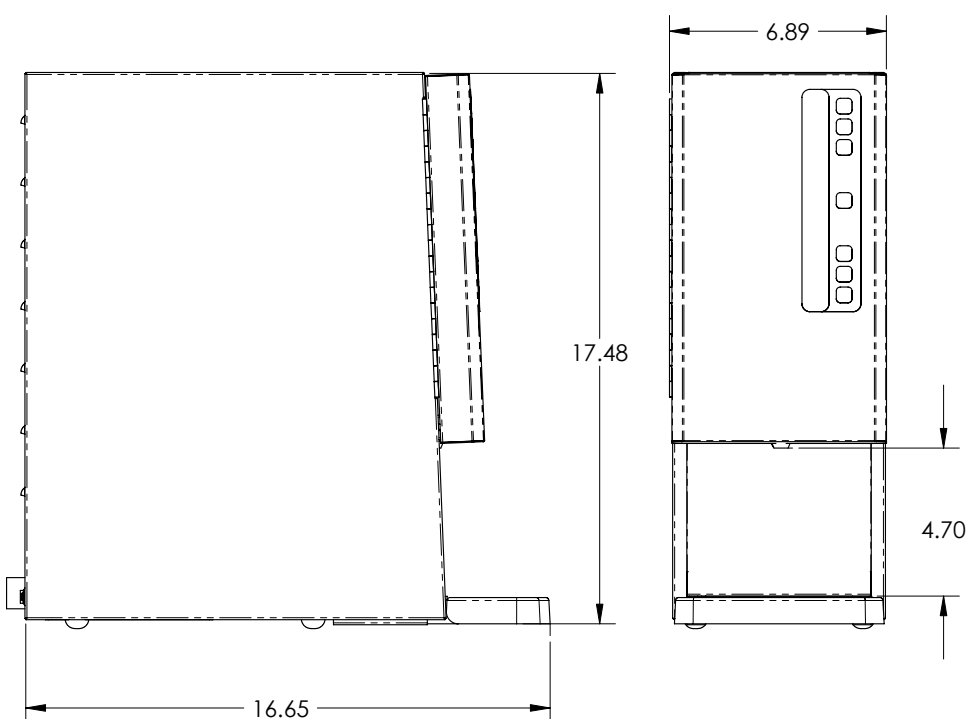

Also available in green
