

Plate Covers

Before a plate leaves the kitchen, be sure it's topped with a plate cover from American Metalcraft. Since 1970, American Metalcraft has specialized in offering round and oval covers in custom sizes to fit plates.

12¾" to 13¾"	(32.5 to 34.6 cm)	CVR08	18½ Lbs/Dz	37.00 Ea

*Some plates with wide bases may not fit into the category their outside diameter indicates. In these cases covers in a larger category may be required to insure stacking.

** A finger hole is not available for plates between 4½" and 5".

- Sample plates required with all new orders for custom sizing
- If we have your customer's plate to measure, in most cases we guarantee our covers will stack with your customer's china
- **Minimum order 24 pieces**

Custom Plate Covers

The Perfect Fit, Time After Time

To achieve the perfect fit, a sample plate is required. Plate covers are then custom-fit over the rim of the plate.

Manufactured from durable stainless steel, American Metalcraft plate covers are heat-retaining, odor-resistant, and they won't chip, crack, flake, burn or melt. Most styles have a finger hole. The standard finish is polished on the sides and satin on the top. All satin or all mirror finish are also available.

1. Plate covers are custom fitted over the rim of the plate with allowance for some normal size variation in commercial china. Covers are approximately 2" (5.1 cm) high over the rim of the plate. Extra high and lower height covers are also available (see p. 187).
2. Sample plates are required with all new orders for custom sizing. In most cases we guarantee our covers will stack with your customer's china.
3. To ensure secure stacking, a "crown" is formed in the top of the cover that matches the foot of the plate. This stacking feature offers safe multiple meal carrying and cuts down on serving time.

Washing Instructions

Covers are manufactured using food-safe compounds and will require initial hand washing with a degreasing detergent. Always thoroughly dry plate covers after washing. Never store them damp.

Ordering Tips

1. Since commercial china will vary in size, it is best to have the china company provide a sample for plate cover sizing. This assures us of furnishing a cover that fits over the rim of the plate properly and also enables us to custom design a "crown" on the top of the cover for solid stacking.
 2. Send the sample plate(s) to American Metalcraft with your purchase order for pricing confirmation. Only prices quoted after receipt of sample plate(s) are guaranteed.
 3. Some plates and oval platters with wide bases and oblong platters may not fall into the category indicated by their top outside dimensions.
 4. Custom fit covers are manufactured approximately ¼" larger than the sample plate provided. This will allow for some normal variation in the size of the china.
 5. Most plate cover reorders should reference a previous order or an American Metalcraft invoice number.
 6. Custom made covers are non-returnable.
- Note: If you have china from more than one manufacturer, or from different lots, make sure you measure 5 from each and submit the largest and smallest of each.

Extra High

Lower Height

B) Extra High Round Banquet Covers

Approximately 3" (7.62 cm) high over rim of plate. Stainless Steel. Available for plates 10" or larger. Can be custom designed for solid stacking. **Special order only. Sample plate required. Minimum order 24 pieces.**

Description	List Price

C) Lower Height Round Banquet Covers

1½" (3.81 cm) high over rim of plate. Stainless Steel. Can be custom designed for solid stacking. Lower Height Covers available for most sizes over 9" (22.8 cm) dia. **Special order only. Sample plate required. Minimum order 24 pieces. Other heights available. Call for quotation.**

Description	List Price
Lower Height Covers (Shipping Weight Approx. 20% less than CVR covers.)	Add 6.00 to CVR List

**Old and Used Covers –
Reworked Recrowned Covers**

If covers fit over the rim of new china, it may be possible to recrown them to stack with the new china. This is possible in most situations but not all. Please send a sample of the new china and 3 old covers to determine feasibility. **Quoted on a case by case basis.**

**Double Crowns –
Stacks with Two Different Plates**

May be available at additional cost. Please call our plate cover department at 800-333-9133 to determine availability.

Custom Double Step Plate Covers

The ingenious design of these Double Step Covers offers versatility like never before. Two different rims fit two completely different plate sizes so you get double use from one cover! Call for details - 800-333-9133.

Sample plate required with every new order.

A) Oval Custom Fitted Stainless Steel Plate Covers

For any size or make ceramic, plastic, metal or glass oval plate. From 9½" (24.13 cm) to 16" (40.64 cm) long. Constructed of stainless steel with beaded rim. Covers custom sized directly to plate for proper nesting and solid stacking; this guarantees a perfect fit.

Please contact us for a quotation on oval and oblong plate covers. The information below is a guide only.

Ceramic plates have a tendency to warp during manufacturing. We cannot guarantee our oval covers will stack solidly if this condition exists.

Item No.	Description	Wt.	List Price
OV1100S	For Narrow Body Plates – for plates approx. 9½" to 11" L (24.13 to 27.94 cm) Minimum plate width 6⅞" (17.46 cm)	12 Lb/Dz	67.00 Ea

E) Standard Insulated Thermo-Dri Hot Food Bases

Custom fitted plate holding bases with separate pellet for plates between 8 13/16" to 12 3/4". These bases are made from stainless steel and double walled to provide excellent insulation and heat retention. The separate aluminum pellet fits snugly into a specially designed well inside the base. Since only the pellet is heated, the base remains cool to the touch while the food stays hot. **Minimum order 24 pieces.**

Thermo-Dri Bases - Sample Plates Required

Category	Description	Wt.	List Price
TB60	For Plates 8 13/16" to 9 3/4" Dia. (22.4 to 24.8 cm)	17 Lb/Dz	48.00 Ea
