Efficient. Intelligent. Effortless Super Automatic Espresso

Anyone can produce barista-made quality with Astra's fully automated machines which produce up to 16 drink selections with the touch of a button.

Intelliprogram™ smart features include pre-infusion options, programmable power cycling, management reporting and troubleshooting capabilities. Refrigerator option is fully integrated with self-cleaning process for food safety and ease of use.

Powerful. Efficient. Beautiful Steamers

Increase output in your café with a dedicated steamer or use it to create an endless menu of specialty drinks including hot chocolate, juice, tea, and smoothies. A great option to cook scrambled eggs or reconstitute soup as well.

These reliable Automatic or Semi-Automatic machines are built to last and are easy to maintain.

Grinders

A Crucial Component of the Brewing Process

These Super Automatic, Automatic and Semi-Automatic grinders will grind coffee beans into a fine ground coffee for yielding that perfect coffee, espresso or cappuccino beverage.
